

How To Change The Size Of Your Display

Desktop

sales-i allows you to increase or decrease the number of results per page when using Enquiries. This is achieved by changing the results table row height.

01 GO TO ENQUIRIES

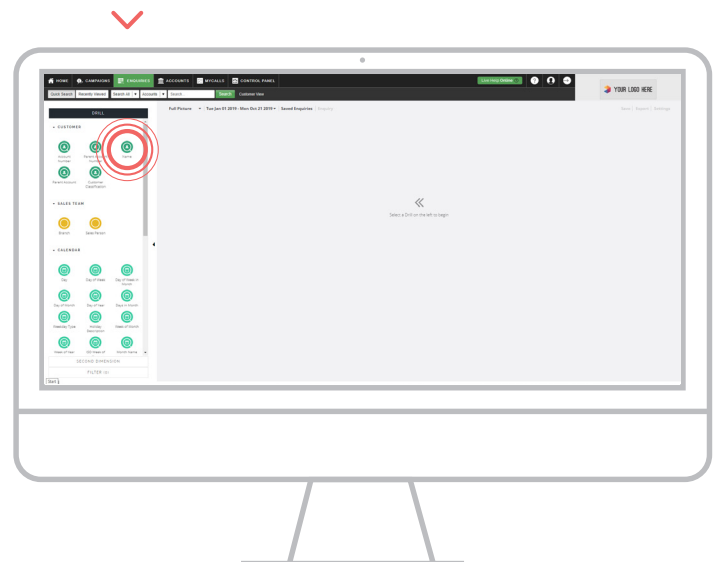

From the black navigation bar at the top of the screen, click Enquiries.

02 SELECT A DRILL

Click on any bubbles on the left

In this example , select the Name bubble.

03 SELECT SIZE

Click on one of three icons located at the bottom right of your screen to see which row size you prefer.

This choice is for you as individual user and will remain throughout the Enquiry section until changed.
