Sugar Community Edition 6.5.0 Release Notes

Overview

This document describes the changes in Sugar Community Edition 6.5.0.

For information on Sugar installation, upgrade, and conversion packages, see this Knowledge Base article.

Changes in Sugar 6.5.0

New features, enhancements, and other changes in Sugar 6.5.0 are as follows:

Calendar enhancements

The following enhancements have been added to Calendar in Sugar 6.5.0:

- Change Meeting and Call duration by dragging — Ability to change the duration of a Meeting or Call by clicking on it and dragging
- Meeting end dates — Ability to create an end date for Meetings
- Send Meeting invites to new Contacts and Leads — Ability to create new Contacts and Leads at the time of sending Meeting invites
- Email reminders for Meetings — Ability to send Meeting reminders via email

Other/miscellaneous enhancements

Additional changes in Sugar 6.5.0 include, but are not limited to, the following:

- iCal integration — Calendar (Meetings, Calls, Tasks) and Project modules sync with iCal as read-only records
- Select and view Email Template Types — Ability to view all or filter Types of Email Templates in the Email Templates List View; filtered lists facilitate search and selection of Email Templates

Supported platforms

For information on supported platform components, see [Sugar 6.5.x Supported](#)

[Platforms.](#)

Note: Only IE8 mode is supported for IE8 support; IE7 or IE8 compatibility mode are not.

New issues in Sugar 6.5.0

For more information on a bug or to provide feedback, use the SugarCRM Bug Tracker located at <http://www.sugarcrm.com/support/bugs.html>. To view the complete list of bugs fixed in this specific release, run a search using 6.5.0 in the Targeted Release field. Look for the bugs marked Fixed in the Resolution field. To report a new issue found in this release, use 6.5.0 in the Found in Release field. Check the Bug Tracker for known issues prior to submitting bugs. You will be able to update existing bugs with additional information, as necessary.

Acknowledgments

SugarCRM would like to thank the following community members for their help in resolving issues in Release 6.5:

- Jeff Bickart, NEPO Systems, LLC
- Ray Gauss
- Yannick Biet, CAPTIVEA
